

CURIO AUCTIONS

Aligning Collectors With Purpose

Inspiring Passion For Philanthropy

ABOUT US

Curio Auctions is a boutique auction house curating mission-based art, artifacts and antiques for non-profits around the world.

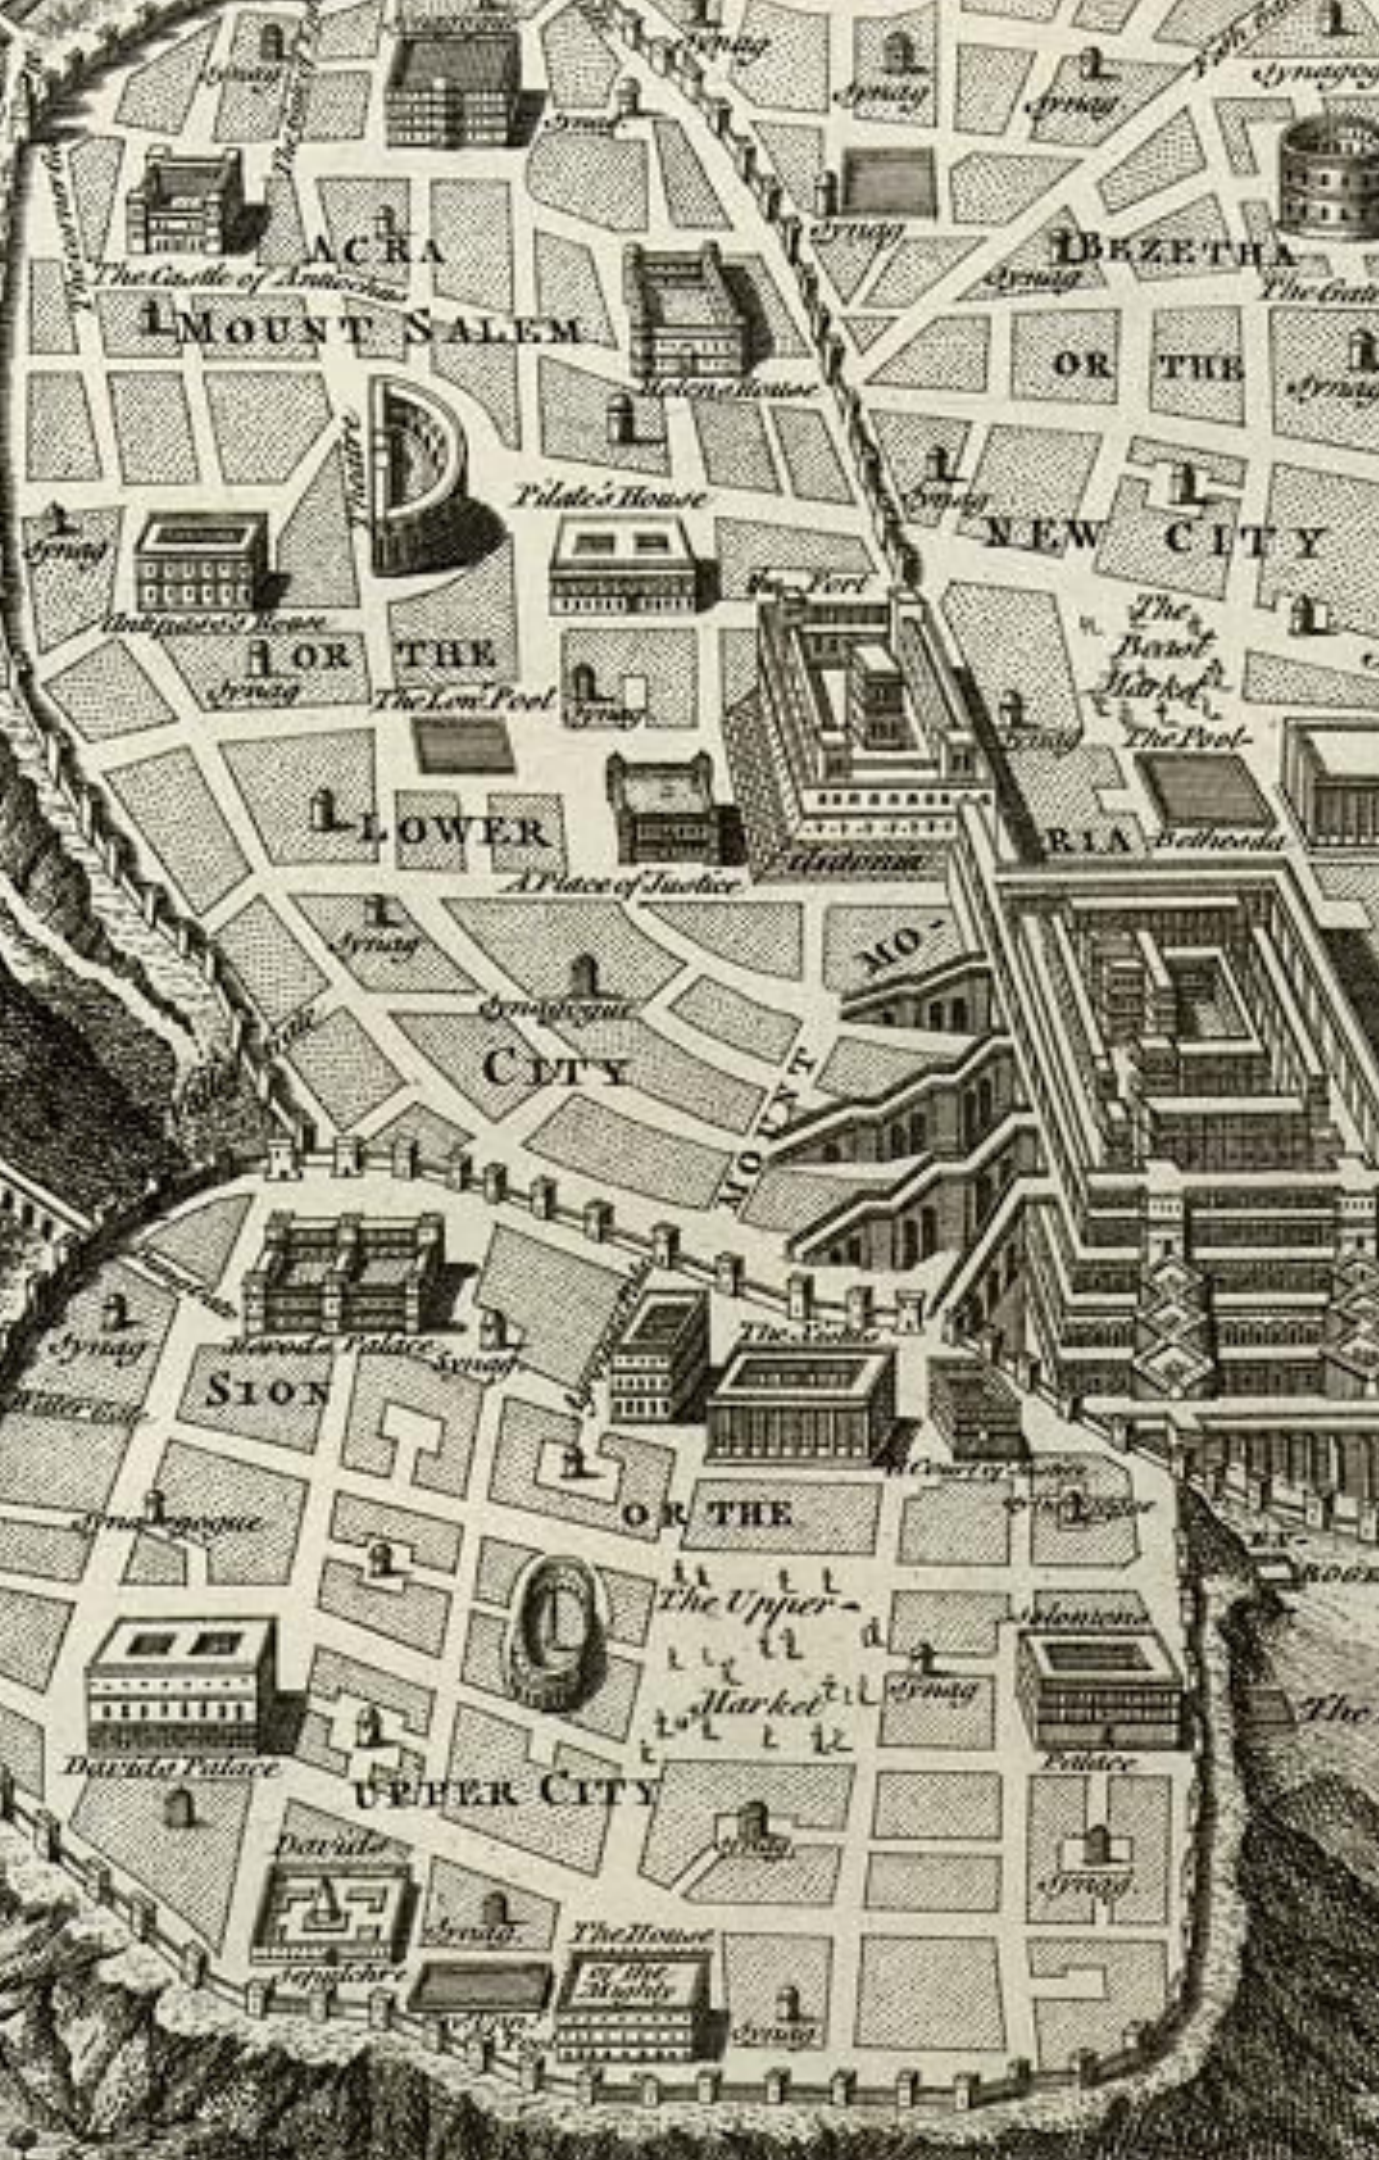

Our highly specialized team works with non-profits to create customized online auctions featuring exclusive and unexpected items which best reflect the purpose, passion, and values of our partner organizations.

Through enticing, enchanting and exciting online auction events, we are revolutionizing philanthropic fundraising by inspiring collectors and donors to connect with non-profits through the purchase of highly sought after treasures not generally available to the public.

GETTING STARTED

Tell us about your funding needs and learn more about our complimentary pre-auction consulting, sourcing and technology services. Together we'll craft a meaningful theme and explore incredible items for your online fundraiser.

SOURCING SUCCESS

Our expert team will curate an array of unique and exciting auction lots for you to choose from, each aligned with your organization's mission and auction theme. Your exclusive auction catalog includes high-resolution images, reserve price, a detailed historical description, as well as our certified authentic, 100 percent money back guarantee.

DELIGHTFUL DESIGN

With auction items selected, our team creates a branded online catalog for pre-auction promotion and a branded auction website. Your auction comes with comprehensive project management resources and a talented team to help develop promotional timeline; curated, cross-platform social media content; and donor engagement strategies.

LIVE & ONLINE

We will work alongside you to promote your fundraiser and build excitement among donors and supporters. We will share your auction with our carefully curated list of clients and collectors, philanthropists and do-gooders, compiled from our combined thirty years in social impact!

SATISFIED SUPPORTERS

Following your successful auction and processing of our success based fees (20 percent of the final sale, above the reserve price, per item), we will ensure each item is carefully packaged and quickly delivered to the winner or to your organization for self-distribution. Our talented design team can also work with you (or your winning donors) to create commemorative displays for any collectible.

FRIENDLY FOLLOW-UP

As part of our complimentary post-auction services, we will provide an overview of your online auction data including a list of auction registrants so you can personally thank them for participating (registration is required to view live auctions). And we encourage you to tell us about your auction experience and future opportunities to assist with fundraising during our wrap-up call, so we continue to source relevant art, artifacts and antiques for your organization, at no charge to you.
